EXPLANATORY MEMORANDUM

INTRODUCTION

This Explanatory Memorandum is provided to Shareholders of **CHINALCO YUNNAN COPPER RESOURCES LIMITED ACN 070 859 522 (Company)** to explain the resolutions to be put to Shareholders at the Annual General Meeting to be held at HopgoodGanim Level 7 Waterfront Place, 1 Eagle St, Brisbane, on Wednesday 27 November 2013, at 9.30am (Brisbane time).

The Directors recommend Shareholders read the accompanying Notice of Meeting and this Explanatory Memorandum in full before making any decision in relation to the Resolutions.

This Explanatory Memorandum provides Shareholders with all information known to the Company that is material to the decision on how to vote on the Resolutions to be put to the Meeting, other than such information that has been previously disclosed by the Company to its Shareholders.

RESOLUTION 1 - REMUNERATION REPORT

Remuneration Report

In accordance with section 250R of the Corporations Act, the Board has submitted its Remuneration Report to Shareholders for consideration and adoption by way of a non-binding advisory resolution.

The Remuneration Report is set out in the Directors' Report section of the Annual Report for the period ending 30 June 2013.

The Report:

- explains the Board's policy for determining the nature and amount of remuneration of executive Directors and senior executives of the Company;
- explains the relationship between the Board's remuneration policy and the Company's performance;
- sets out remuneration details for each Director and the most highly remunerated senior executives of the Company; and
- details and explains any performance conditions applicable to the remuneration of executive Directors and senior executives of the Company.

A reasonable opportunity will be provided for discussion of the Remuneration Report at the meeting.

The "Two Strikes Rule"

The Corporations Act requires that listed companies must put their remuneration report to a non-binding advisory shareholder vote at the AGM (**Remuneration Report Resolution**). The "Two Strikes Rule" was introduced by the *Corporations Legislation (Improving Accountability on Director and Executive Remuneration) Act 2011* and commenced on 1 July 2011. Under the "Two Strikes Rule" if the Remuneration Report Resolution receives a "no" vote of 25% or more (a **Strike**) at two consecutive AGMs, a resolution to spill the board and hold Director re-elections, in accordance with Part 2G.2, Division 9 of the Corporations Act (**Spill Resolution**) must be put to Shareholders.

Recommendation

The Board unanimously recommends that Shareholders vote in favour of adopting the Remuneration Report.

A vote on this Resolution is advisory only and does not bind the Directors of the Company, except in relation to the "Two Strikes Rule".

Voting restrictions on Key Management Personnel and their Closely Related Parties and their proxies

Members of the Key Management Personnel (**KMP**) and their Closely Related Parties (**CRP**) (**Restricted Voters**) and proxies of Restricted Voters are restricted from voting on a resolution which is connected directly or indirectly with the remuneration of a member of the Key Management Personnel (**Voting Restriction**).

Key Management Personnel are those persons having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any director (whether executive or otherwise) of that entity.

The Voting Restriction applies to Resolutions 1 and 4. However, it does not apply where:

- (a) the member of the Key Management Personnel is appointed in writing (by a Shareholder who is not a Restricted Voter) as a proxy where the appointment specifies the way the proxy is to vote on the resolution; or
- (b) the Chairperson is appointed in writing (by a Shareholder who is not a Restricted Voter) as a proxy where the appointment does not specify the way the proxy is to vote on the resolution and expressly authorises the Chairperson to exercise the proxy even if the resolution is connected directly or indirectly with the remuneration of a member of the Key Management Personnel.

Shareholders should be aware that any undirected proxies given to the Chairperson will be cast by the Chairperson and counted in favour of the resolutions the subject of this Meeting (including Resolutions 1 and 4) subject to compliance with the Corporations Act.

The Proxy Form attached to this Notice has been prepared on this basis.

Mr Zhihua Yao (Appointed 23/12/2010)

He is currently undertaking his PhD study in mining engineering at China South University. His responsibilities include the financial control and investment activities of CYCI.

The Directors (with Mr Yao abstaining) recommend that you vote in favour of this Ordinary Resolution.

RESOLUTION 3 - ELECTION OF PAUL WILLIAMS AS A DIRECTOR

In accordance with the Company's Constitution Paul Williams, who was appointed as a Director since the last Shareholders' Meeting, holds office until the Annual General Meeting and being eligible, has offered himself for re-election.

He ultimately became an equity partner of that firm before joining Eastern Corporation as their Chief Executive Officer in August 2004. In mid-2006 Mr Williams joined Mitsui Coal Holdings in the role of General Counsel, participating

in the supervision of the coal mining interests and business development activities within the multinational Mitsui & Co group. He was appointed as Managing Director of the Company in March 2013.

Mr Williams is a non-executive director of Brisbane Racing Club which owns and operates the Eagle Farm and Doomben race clubs. He is also a founding member of Equine Learning for Futures Inc, a charitable organization based in SE Queensland which provides horse-based workshops and programs for disadvantaged children and youths.

The Directors (with Mr Williams abstaining) recommend that you vote in favour of this Ordinary Resolution.

RESOLUTION 4 - ISSUE OF PERFORMANCE SHARES TO PAUL WILLIAMS

Paul Williams commenced as Managing Director in March 2013. One of the components of his employment contract was for the issue to him of Performance Shares. As he is a Director of the Company, Shareholder approval is required for the issue of the Performance Shares. This AGM is the first meeting of shareholders since his appointment and so Shareholder approval is being sought at the meeting for the issue of the Performance Shares.

Approval is now sought for the issue of a total of three million (3,000,000) "performance shares" in accordance with the terms and conditions set out in Annexure A, comprising one million A, B and C Class shares. The Company has also agreed to issue to Paul Williams under his employment contract a further two million (2,000,000) D Class performance shares, which will be issued at a later date and a separate approval at a later meeting will be sought in respect of the D Class Shares.

Approval for the issue of the Performance Shares is sought in accordance with the Listing Rule 10.11 and Part 2E of the Corporations Act. As approval is being sought under Listing Rule 10.11, approval will not be required under Listing Rule 7.1.

In order for the Performance Shares to be granted to a Director, the requirements of Chapter 2E of the Corporations Act need to be observed.

Further, prior to the Performance Shares being issued, the Company must obtain from ASX approval or confirmation of the terms of the Performance Shares for the purposes of Listing Rules 6.1 and 6.2. If this ASX approval is not received within one (1) month of the date of the AGM, the Performance Shares will not be issued under this Resolution 4 and any approval under Resolution 4 will lapse.

Regulatory Requirements

Chapter 2E of the Corporations Act

Chapter 2E of the Corporations Act prohibits a public company from giving a financial benefit to a related party of a public company unless the benefit falls within one of various exceptions to the general prohibition (including where shareholder approval is obtained).

Resolution 4 if passed, will confer a financial benefit on the recipient of the Performance Shares (being a related party of the Company) and the Company seeks to obtain member approval in accordance with the requirements of Chapter 2E of the Corporations Act and for this reason, and for all other purposes, the following information is provided to Shareholders.

The related parties to whom Resolution 4 would permit the financial benefit to be given

Paul Williams (or his nominee) being a Director of the Company.

The nature of the financial benefit

The nature of the proposed financial benefit to be given is:

- the issue of a total of three million (3,000,000) "performance shares" in accordance with the terms and conditions set out in Annexure A, comprising one million A, B and C Class shares to Paul Williams (or nominee) as referred to in Resolution 4;
- the performance shares shall be granted for nil consideration;

- the Performance Shares shall vest and be capable of conversion into fully paid ordinary Shares on and from the date that the milestone targets for the Performance Shares are met;
- Each Class A Performance Share will automatically convert into one Share upon the completion of a Capital Raising by the Company of at least \$5 million by 31 December 2013;
- Each Class B Performance Share will automatically convert into one Share upon the Market Value of the Shares being at least twenty five cents (\$0.25);
- Each Class C Performance Share will automatically convert into one Share upon the Market Value of the Shares being at least fifty cents (\$0.50);
- The events noted above are each considered a "Milestone";
- If a Milestone is not achieved by the Expiry Date, then the applicable Performance Shares will be automatically redeemed by the Company for the sum of \$0.000001;
- The expiry date for in relation to the Class A Performance Shares is 31 December 2013; and in relation to Classes B and C Performance Shares is 2 years from the date of issue; and
- there is no conversion price for the Performance Shares.

The practice of the Board is to have a combination of short term incentives in the form of cash bonuses and long term incentives by the issue of Options or Shares as a component of the Managing Director's remuneration. The intention of this practice being that the Managing Director is incentivised to act to improve the performance of the Company in the longer term.

Directors' Recommendation

With respect to Resolution 4, all Directors other than Paul Williams recommend that Shareholders vote in favour of this resolution. Paul Williams is interested in the outcome of Resolution 4 and accordingly makes no recommendation to Shareholders in respect of Resolution 4.

The reasons for the recommendations by the Directors include:

- the grant of the Performance Shares as proposed to Paul Williams will provide him with reward and incentive for future services he will provide to the Company to further the progress of the Company;
- the Performance Shares are not intended as a substitute for salary or wages or as a means for compensation for past services rendered; and
- in the Company's circumstances as they existed as at the date of this Explanatory Memorandum, the Performance Shares provide a cost-effective and efficient incentive as opposed to alternative forms of incentives (e.g.; cash bonuses, increased remuneration). However, it must be recognised that there will be an opportunity cost to the Company, being the price at which the Company could grant the Performance Shares to a third party.

Directors' Interest and other remuneration

Paul Williams

Paul Williams has a material personal interest in the outcome of Resolution 4, as it is proposed that Performance Shares be granted to him (or his nominee).

Paul Williams (and entities associated with him) currently hold no Shares or Options in the Company.

Paul Williams is the Managing Director of the Company and is considered a key member of the Company's management team. Mr Williams's contract with the Company commenced on 6 March 2013 and is for a three year term, terminable by Mr Williams on three months' notice and with six months (without cause) notice by the Company. The base total amount (including superannuation and non-cash benefits) payable to Paul Williams is \$300,000 per annum. In addition, Mr Williams would be entitled to a short term bonus payment of \$50,000 if the Company was to complete a capital raising by 31 December 2013 with a minimum issue price for each Shares of \$0.20.

Effect of Performance Shares on Directors' Shareholding in the Company

If all of the Performance Shares granted are issued to Mr Williams the following will be the effect on his holding in the Company:

| Director | Current Share Holding | % of Total Share Capital ¹ | Maximum Number of Performance Shares proposed to be issued ² | Shares Held Upon Vesting of all Performance Shares | % of Total Share Capital ³ |
|---------------|-----------------------|---------------------------------------|---|--|---------------------------------------|
| Paul Williams | 0 | - | 3,000,000 | 3,000,000 | 1.21% |

Notes

1. This assumes that there are currently 247,994,183 Shares on issue and no other Shares are issued.
2. The Company has also agreed to issue to Paul Williams a further 2,000,000 performance shares, which will be issued at a later date and a separate approval at a later meeting will be sought in respect of the further Performance Shares.
3. This assumes that there will be 250,994,183 Shares on issue upon the conversion of all of the Performance Shares.

Valuation

The proposed Performance Shares are not quoted on the ASX and as such have no market value. The Performance Shares each grant the holder a right of grant of one Share in the Company upon the achievement of specific milestones. Accordingly, the Performance Shares may have a present value at the date of their grant.

As a general proposition, Performance Shares for ordinary fully paid shares in a company have a value. Various factors impact upon the value of the Performance Shares including:

1. the period outstanding before the expiry date of the Performance Shares;
2. any conditions that are required to be met before the Performance Shares vest;
3. the conversion price (if any) to acquire the Shares relative to the underlying price or value of the securities into which they may be converted;
4. the proportion of the issued capital as expanded consequent upon conversion represented by the Shares issued upon conversion (i.e. whether or not the Shares that might be acquired upon the vesting of the Performance Shares represent a controlling or other significant interest); and
5. the value of the Shares at the date of issue of the Performance Shares.

The Company has undertaken a valuation of the Performance Shares, for the purposes of disclosing to Shareholders such information required to decide whether or not it is in the Company's interest to pass Resolution 4 and disclosing expenses in the Company's Financial Statements in accordance with AASB 2 Share Based Payments, using a trinomial barrier pricing model, which is the most appropriate model for pricing Performance Shares. The value of a Performance Share calculated by the trinomial barrier pricing model is a function of the relationship between a number of variables, being the price of the underlying Share at the time of issue, the vesting price, the time to expiry, the risk-free interest rate, the volatility of the Company's underlying Share price and expected dividends.

Inherent in the application of the trinomial barrier pricing model are a number of inputs, some of which must be assumed. The data relied upon in applying the model was:

| Inputs | Class A Performance Shares | Class B Performance Shares | Class C Performance Shares |
|--|---|----------------------------|----------------------------|
| Expiry Date | 31 December 2013 | 29 November 2015 | 29 November 2015 |
| Underlying Share Price | 0.042 | 0.042 | 0.042 |
| Time to Maturity (Days) | 32 | 730 | 730 |
| Risk Free Rate (%) | 2.82% | 2.82% | 2.82% |
| Volatility (%) | 100% | 100% | 100% |
| Nominal value | \$42,000 | \$19,000 | \$10,200 |
| Non-market performance condition | Completion of a capital raising of at least \$5 million by 31/12/13 | NA | NA |
| Assessed probability of achieving non-market performance condition | 0% | NA | NA |
| Assessed value | - | \$19,000 | \$10,200 |

Based on the valuation of the all the Performance Shares, the Board considers that the value of the Performance Shares to be issued pursuant to Resolution 4 is - \$29,200.

Any other information that is reasonably required by Shareholders to make a decision and that is known to the Company or any of its Directors

There is no other information known to the Company or any of its Directors save and except as follows:

Market Price movements:

The Performance Share valuation noted above is based on a market price per Share of \$0.042. There is a possibility that the market price of the Shares will change up to the date of the Meeting.

Trading History

The Company does not intend to apply for listing of the Performance Shares on the ASX. However, the Company shall apply for listing of the resultant shares of the Company issued upon vesting of any Performance Share.

In the 12 months prior to 18 October 2013, the Company's trading history is as follows:

- the highest trading price was 10.5 cents on 1 November 2012; and
- the lowest trading price was 3.6 cents on 21, 25, 26, 28 June and 1, 2, and 3 July 2013; and
- The VWAP per Share was 7.3 cents.

The most recent trading price of the Shares on the close of trading on 25 October 2013 was 4 cents.

Opportunity Costs

The opportunity costs and benefits foregone by the Company issuing the Performance Shares to the Director is the potentially diluted impact on the issued Share capital of the Company (in the event that the Performance Shares vest). Until vesting, the issue of the Performance Shares will not impact upon the number of Shares on issue in the Company. To the extent that upon their vesting the dilutionary impact caused by the issue of the Shares may be detrimental to the Company, if at all, this is more than offset by the advantages accruing from the Company securing the services of experienced and skilled directors on appropriate incentive terms.

It is also considered that the potential increase of value in the Performance Shares is dependent upon a concomitant increase in the value of the Company generally.

Taxation Consequences

No stamp duty will be payable in respect of the grant of the Performance Shares. No GST will be payable by the Company in respect of the grant of the Performance Shares.

AASB 2 "Share Based Payments" requires that these payments shall be measured at fair value of the equity instrument on the grant date. Under the accounting standards this amount will be expensed in the statement of comprehensive income. Where the grant date and the vesting date are different, the total expenditure calculated will be allocated between the two dates taking into account the terms and conditions attached to the instruments and the counterparties as well as management's assumptions about probabilities of payments and compliance with and attainment of the set out terms and conditions.

Dilutionary Effect

There are currently 247,994,183 Shares on issue and there are currently 2,800,000 Options on issue which have vested (**Current Options**) of which none are held by Mr Williams.

There will be 250,994,183 Shares on issue upon the conversion of all of the Performance Shares assuming that no further securities are issued and no Current Options are exercised.

The assumption that no Current Options will be exercised has been made on the basis that because:

- the Current Options all have an exercise price of \$0.30;
- the Company's Share price is currently significantly below the Exercise Prices (the 12 month VWAP to 17 October 2013 was \$0.073 with a highest price of 10.5 cents in this period); and
- all of the Current Options will expire on or before 12 August 2014,

the Board considers that it is highly unlikely that any of the Current Options will be exercised. Accordingly, it would not provide an accurate depiction of the potential effect of the issue of the Performance Shares on the dilutionary effect if the Current Options were included in this calculation.

If all of the Performance Shares granted vest with Paul Williams and there are no other securities issued or Options exercised, then the effect of his holdings in the Company will dilute existing shareholders' interest by 1.21%.

Listing Rule 10.11

Listing Rule 10.11 requires an entity to obtain the approval of shareholders to an issue of securities to a Related Party. Paul Williams as a Director of the Company is a Related Party of the Company. Accordingly, because the issue of the Performance Shares will result in the Company issuing securities to a Related Party, approval under Listing Rule 10.11 is required.

For the purposes of Listing Rule 10.13, the Company advises as follows:

- The maximum number of Performance Shares to be issued is 3,000,000 Performance Shares to Paul Williams;
- The Performance Shares are intended to be granted as soon as possible following the Meeting, but in any event, within one (1) month of the date of the Meeting;
- The Performance Shares are being issued for nil consideration; and
- No funds are being raised by the grant of the Performance Shares.

In accordance with Listing Rule 7.2, as approval is being sought under Listing Rule 10.11, approval is not required to be obtained under Listing Rule 7.1.

There are restrictions on voting on Resolution 4, by Paul Williams and his associates and Key Management Personnel and their Closely Related Parties, for additional details please refer to the Voting Exclusion Statements in Resolution 4 in the Notice of Meeting.

Save as set out in this Explanatory Memorandum, the Directors are not aware of any other information that will be reasonably required by Shareholders to make a decision in relation to benefits contemplated by Resolution 4.
