Chinalco Yunnan Copper Resources Ltd (ASX:CYU) announces a non-renounceable entitlement offer to eligible shareholders, on the basis of 1 new fully paid ordinary share (New Shares) for every 2 shares held, at an issue price of \$0.006 per New Share to raise up to approximately \$1.77 million before costs (Offer). The Offer will be available to all eligible shareholders who hold shares as at 7:00pm (Sydney time) on the record date of 26 September 2016. Following quotation, the New Shares will rank equally in all respects from the date of allotment with existing quoted shares on issue.

The Offer is underwritten up to \$1,384,615.38 million (230,769,230 New Shares), representing approximately 85% of the total Offer, by the Company's second-largest Shareholder, Biential International Industrial Co., Ltd (**BIC**). The Offer is also partially underwritten up to \$100,000 (16,666,667 New Shares), representing approximately 5.6% of the total Offer, by the Company's Managing Director, Paul Williams. Williams has further undertaken, on a best endeavours basis, to identify recipients for the balance of any Offer shortfall. These underwriting arrangements mean that most of the funds sought under the Offer can be guaranteed and the Company will be able to implement its planned activities. A nominal \$1 fee is being charged in relation to the underwriting provided.

The Offer is being undertaken pursuant to a prospectus issued under section 713 of the Corporations Act (Prospectus). Full details of the Offer are set out in the Prospectus. The Prospectus, along with an Entitlement and Acceptance Form, will be dispatched to eligible shareholders on 29 September 2016.

The Company has determined that only those shareholders with registered addresses in Australia or New Zealand will be eligible to participate in the Offer.

The funds raised under the Offer (after payment of costs) will be used to continue to develop the Company's business and meet its strategic goals as identified in Section 4.1 of the Prospectus. These funds are intended to be utilised primarily towards costs such as: due diligence in respect of opportunities CYU is looking to pursue and related expenses; project-related acquisition costs and fees that may be payable upon securing an opportunity, depending on the nature of the acquisition terms that are negotiated; administration costs; and general working capital.
